JONES WOOD FOUNDRY

With over two decades of restaurant and culinary experience, Owner Yves Jadot and Chef/Owner Jason Hicks have created a destination food driven pub, rooted in the proud tradition of the United Kingdom's public houses.

Jones Wood Foundry's menu represents the best of time-honored British culinary traditions that have been reinvigorated for 21st century palates using locally sourced ingredients.

> Jones Wood Foundry isn't a gastropub, but rather a terrific restaurant that offers British pub classics made in a modern kitchen using fine ingredients. The beer and wine are good, too.
