

FIRE & OAK

AN AMERICAN GRILL

FIRE & OAK @ HOME

Dear Valued Guest

We thank you for your order and your continued support and are honored to be in your home. In this card you will find useful information about our take out program as well as reheating instructions to elevate your home dining experience.

We are excited to be serving you again.

With much gratitude

Errick

TAKE HOME SERVICE

- Our take home program offers an abbreviated selection of our lunch and dinner menu items which we think are best enjoyed at home.
- If one of your favorites is currently not available please let us know. As the supply chain opens up more items will be offered.
- We encourage our guests to use our own online platform at www.fireandoak.com, for ease of payment of pick-up and delivery and discounted pricing. All modifications are listed.
- Our containers are made in USA and Canada and are of high quality. They are dishwasher safe, BPA free, and recyclable. They are great to reuse at home.
- With the exception of chopsticks with sushi orders, and in an effort to stop waste we do not offer utensils. If you would like plastic cutlery please add to your order.
