VUELOS

TRES ESTILOS DE TEQUILA

25

Pasote Blanco was created to honor the ancient Aztecs, who celebrated their victories and sacrifices by drinking the sacred agave plant. Distilled with rain water and natural spring water in the highlands of Jalisco. **Arette Suave Reposado** distilled from estate-grown Blue Weber agave & aged in ex-Bourbon barrels for 11 months, this tequila is one of a few brands still made in the town of Tequila itself. Suave = Smooth! **G4 Añejo** created by master distiller Felipe Camarena, a tequila distilling family of four generations (hence the name), this complex but easy drinking tequila is aged for at least 18 months in American oak bourbon barrels.

TRES MEZCALES ESPADIN

25

Vago Espadin This small batch mezcal is a hidden gem on our backbar. It has a rich and fruity flavor reminiscent of a dark roast coffee.

Bahnez this perfect beginners mezcal is delightfully mild, floral and fruity with hints of pineapple and banana. Produced in Ejutla by a family and farmer owned Co-op making it sustainable and fair trade.

Wahaka a specialty of their maestro mezcalero, Alberto "Beto" Morales, this mezcal instantly transports you to Oaxaca, to a palenque that Beto describes as "a place of respect and harmony, where no arguments or even bad words may be uttered."

OTROS DESTILADOS DE MÉXICO

25

Bacanora Rancho Tepúa Blanco is an Agave Spirit from the northern state of Sonora made by the Contreras family. Bacanora was banned for 77 years due to Prohibition.

Sotol La Higuera is made from the dasylirian plant, also known as the desert spoon or sotol plant. It is now protected in Mexico by its own denomination of origin or D.O.

Raicilla La Venenosa a mezcal produced in the state of Jalisco & unlike this brand is often sold as 'moonshine', It can't be classed as Tequila because it is not made with blue weber agave. Great in cocktails!
