landmark
steakhouse loved
by locals since
1984.

Dakota's unique underground location has a fascinating backstory: Once occupied by First Dallas Baptist Church, a clause in the deed prohibited any future owner from selling alcohol on the former church grounds. When the property company bought the space, they were determined to have a restaurant anchor their international headquarters. A loophole was discovered: "on the ground" does not include "below ground". And so the land was excavated, and the restaurant born.
