### Ophelia

The Art Deco-inspired cocktail lounge in Midtown East Manhattan has reopened its legendary *Snow Globe in the Sky* for the holiday season. The rooftop bar has transformed to resemble a shimmering snow globe 26 stories above NYC, dripping with crystals and sparkling snowflakes, giving revelers a glamorous holiday experience. This NYE, Ophelia will be offering an **early evening sunset soiree from 5–8pm**, featuring a *premium open bar*, *passed hors d'Oeuvres*, followed by a **late night ball drop party from 9pm-2am**, with *Hats, Noisemakers & NYE Favors*, *live DJ performances* and a *champagne toast at midnight*.
