### Ophelia Lounge NYC

3 Mitchell Pl. / 212.980.4796 / [Website](#)

With views of the East River, this iconic art deco tower was originally a women's-only club. A former muse for NYC's Frank Sinatra, Ophelia exudes class both inside and out. Cocktails at this elegant rooftop bar are incredibly-creative concoctions that draw on literary references and current events. Named after Shakespeare's Ophelia, the namesake drink features a paradox of flavors, contrast of colors, beauty and honesty. All black with a white froth, this drink is the star of the show.
