For many, the eastern stretches of Midtown were a place to commute to for work, or for the occasional business lunch or breakfast; it's not known for being much of a culinary destination. But a strong roster of dining options do indeed exist in Midtown East, and have managed to survive despite the lack of office crowds during the pandemic. There are historical gems, like La Grenouille's celebrated haute French fare and the Grand Central Oyster Bar & Restaurant. Some of the city's iconic steakhouses and burger joints exist here, too, as do excellent options for ramen and Sichuan dishes. Among adds: a new Korean barbecue chain and a tonkotsu ramen shop. Ahead, 21 places well worth a meal in Midtown East.

*Health experts consider dining out to be a high-risk activity for the unvaccinated; it may pose a risk for the vaccinated, especially in areas with substantial COVID transmission.*

## Ophelia Lounge NYC

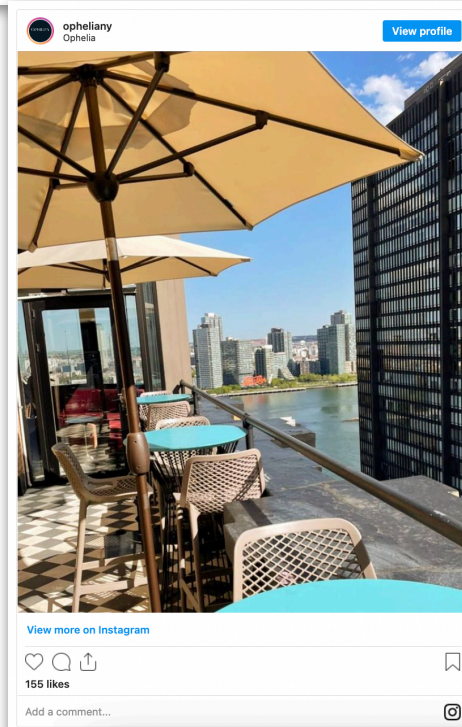

Excellent views, accompanied by fancy cocktails, are the main attractions at this swishy cocktail lounge, located in a space with rich history. Perched on the 26th floor of the Beckman Tower, the rooftop bar has sweeping views of the East River, with outside space as well as an enclosed patio area. Drinks like the Ophelia's Ascension (bourbon and Jamaican pepper-infused mezcal) are accompanied by snacks like steak tartare or hamachi crudo. The digs were once frequented by Frank Sinatra, and, before that, **served as a residence** for young professional women formerly in sororities circa the 1920s.
