New NYC Cocktail Bars, Nightclubs, Spirits and More

We've rounded up 5 of the best new cocktail bars, nightclubs, pop-up events and more so that you can be the first of your friends to be in the know about these brand-new venues and drinks.

Every New Yorker's favorite winter wonderland has reopened for this holiday season, bringing winter cheer to the cocktail lounge located atop the historic Beekman Tower. Ophelia's annual Snow Globe in the Sky experience sees the lounge transformed into a shimmering winter wonderland dripping with crystal and sparkling snowflakes. The over-the-top decor makes for a glamorous sipping experience complemented by a cocktail menu that takes inspiration from the lounge's heyday in the 1920s and 30s.
