RACKS RESTAURANT & SPORTS BAR

Rack up the fun at Racks. How could you not have fun with 25 televisions, six pool tables, six dart boards and horseshoes? It offers the SEC network and NFL direct ticket. Factor in a jukebox, plenty of outside seating, a full menu (see food section) and a separate room for private parties. Party on. 569.6512; racksnortheast.business.site

Racks

If you want a meal that screams summer fun, Racks Sports Bar is the place for you. It is said that if you eat spicy foods, you feel cooler; so order the Carolina Reaper wings – so hot you might need a sweater, if that saying has merit. Tame that tortured tongue with celery and carrots dipped in ranch or bleu cheese and a generous bowl of hand-cut fries. If you still need a cool-down, Key Lime pie with raspberry sauce should chill your bill. FYI, for the less daring, Racks also makes wings that don't happen to require a proactive call to the Fire Department. 569-6512; Facebook: @RacksNortheast
