

The Little Oven

Covid-19 Guidelines & Safety Procedures

Dear Valued Customers,

We would like to begin by thanking you for your continued support during these unprecedented times. We would also like to take this opportunity to address our Covid-19 policies. Please understand that the following guidelines are to ensure the health and safety of our employees and customers. Thank you again for your continued support and we look forward to welcoming you back inside soon!

- All staff will have their temperature taken and asked health screening questions before their start time.
- All staff members will wear gloves and masks at all times.
- All menus, door handles, and other highly touched items will be cleaned hourly.
- The host will greet you and take you directly to your table.
- Please always respect social distancing and stay 6 feet apart.
- All refills will be giving new glasses and not done at the table.
- Per the MN Dept of Health, all servers will stand behind and to the left of our guests when taking orders.
- You must have a reservation to eat in. A reservation can be made 3 minutes prior to arrival, but per our Executive order, you will need a reservation. All reservations are made for 1 hour and 15 minutes. Staying on schedule is crucial so we do not have other guests waiting. Also, we need proper time to clean and sanitize for our next reservation.

We understand that some of the rules have changed, but our effort in giving you the best service and experience will not. Thank you once again for your past support and we look forward to serving you in the future.

Sincerely,
The Little Oven
