Planning for Success

How much food should I order? This is easy when you know your crowd and concert. A bunch of hungry adults and teenagers usually eat a lot more than kids. A Jam Up Specialty pizza slice fills a person up more than a slice of cheese.

- Adults & Teens. Average 2.5 slices per person
- Kids. Average 1.5 slices per person. Kids eat more cheese pizza than any other topping or combination.
- 14" Large Pizzas are cut in 8 slices. For kids less than 8 years old, ask for your pizzas to be 12 cut.
- The most popular pizza toppings are pepperoni, sausage and mushrooms.
- Jam Up Specialties. Our HOUSE OF ROCK has the most popular meat and veggie toppings. The MEAT-A-SAURUS REX is our most popular carnivore pizza. The PLAIN JANE VEGGIE is our most popular veggie pizza. Check out all our Jam Up Specialty pizzas to make your concert Rock!
- Slices Needed = (slices per person) X (# of people)
- Total Pizzas Needed = (slices needed) / 8
