

Money-ish

INDUSTRY KITCHEN

By Jeanette Settembre - July 8 2017

The \$2,000 pizza at **Industry Kitchen** (70 South St., New York, NY).

This Financial District pizzeria serves up a wood-fired, thin-crust pie topped with white Stilton cheese, foie gras, French truffles, Ostera caviar, and sheets of gold flake (which, for the record, are tasteless and all for show).

The result is a shimmering pizza that looks - and presumably tastes - as rich as the people who can afford one.

But you can't order it on a whim - eaters must request the ostentatious meal two days in advance.
