

DIRECTIONS TO THE MOHICANS

Directions to The Mohicans & Wedding Venue Main Entrance

Check out our HOME PAGE for any detours! **Please note, service in the area can be very limited with many spots having no service at all. If you choose to use your GPS, you will need to start your route prior to arriving in the immediate area.** The only paved road in the area is Wally Road, you will otherwise find yourself lost on unpaved rural back roads of Knox County with no cell service.

Please print or screenshot these directions and bring them with you.

If you are staying at a cabin/treehouse, use your arrival information to direct you to your specific property/driveway and the site map on the home page of our website. The best cell service is in the wedding venue parking lot. Most guests can get service at this location. **4-wheel/all-wheel drive vehicles are highly recommended, especially in the winter months with snow & ice.** If there is inclement weather, please plan accordingly.
