

Welcome to the beautiful Mohican Valley!

Tucked away deep in the forest of The Mohicans you will find a well secluded getaway close to many great activities and places to visit. Enjoy all that The Mohicans has to offer while staying in well-appointed, Amish built rustic cabins or one-of-a-kind authentic treehouses designed and built by world renowned tree house designer, Pete Nelson. Our property has a pond located at the bottom of the drive down from the Wedding Venue for all the family to enjoy or some peaceful alone time while enjoying all the area has to offer. Enjoy the amazing tree top views, and cozy cabins surrounded by nature while taking advantage of all the fantastic options the Mohican area has to offer. The most popular activity is canoeing on the Mohican River. The Mohican-Loudonville area serves as the Canoe Capital of Ohio with more than 50 years of canoe livery operation, number of canoes registered in the area, and concentration of paddling activities. For those who enjoy paddling and other outdoor recreation pursuits, this area affords more opportunity than any other in Ohio. In fact, the stretch of the Mohican from Loudonville to Greer, Ohio, near the Wally Road Scenic Byway, serves as Ohio's largest outdoor recreational complex. Traveling to the Mohican area allows a visitor to enjoy several scenic byways, including the Gateway to Amish Country, Wally Road, and Amish Country Scenic byways. Located along the Wally Road Scenic By-Way between this location and Loudonville there are many liveries. A few popular livery locations are Mohican Adventures which also has a Challenge course, Putt-Putt golf, and Go-carts, Mohican Wilderness Resort, and River Run Canoe Livery. Hiking is also a very popular activity in the area. Mohican State Park is a 1,110-acre Ohio state park in Ashland County, Ohio, United States, about 5 miles south of downtown Loudonville. The state park sits on the south shore of Pleasant Hill Lake and is surrounded by the 4,525-acre Mohican-Memorial State Forest. The state park is also home to one of the longest single track mountain bike trails in the area.
