# BUILDERS

— BLDG —

EVENT VENUE

**K**nown for its vintage opulence, Builders BLDG is aesthetically stimulating through its historical architecture, a product of the early twentieth century. Its Beaux-Arts style attributes were carefully handcrafted, adding to its ornate details and exhibiting its vibrant history. Depending on the time, day of week, and occasion, this venue maintains fascinatingly paradoxical identities; however, it takes just a few hours to be fully transformed into a private and personalized, two-story event space.
