# MADEIRA

## TRY A TASTE OF HISTORY...

*Madeira is a fortified wine that hails from the small sub-tropical island of Madeira, 600 miles off the coast of Portugal. A natural trading port for seafaring explorers in the 16th and 17th centuries, Madeira became the favorite drink of early Americans because it could withstand the long journey across the Atlantic without going bad or losing flavor.*

*The slow heating process and exposure to oxygen makes the most age worthy wines in the world. Most of the following Madeira's are crafted in the Canteiro method where they are deliberately aged in barrel for 20+ years and are only pulled from their slumber when an order is placed.*
