

Wine • Beer • Spirits

The desire to make wines that follow principles of biodynamic and organic farming may stem from an earth base ideology or a conviction that working this way is healthier for the planet, the consumer, and the vigneron himself. Whatever the reason, these vignerons have worked tirelessly, often in the face of adversity and at the mercy of Mother Nature, to bring us these living, breathing reflections of terroir.

The wines with the infinity symbol next to them are wines made using methods like organic and biodynamic farming, hand-harvesting, spontaneous fermentation, minimal to no sulfur addition, and forgoing fining and filtration.

They are crafted by true pioneers in their respective regions, men and women who have achieved legendary status and inspired countless others to adopt a similar philosophy and way of working the land.

This is not a new way of thinking, it is an ancient way of making wine; by going back to the basics, they are giving our Mother Earth a chance to do what she does best...
putting the best wine in your glass.

Featured Cider

From the winemaker & proprietor behind Radio-Coteau and County Line,
Eric Sussman brings us this beautiful Cider.

Seek clarity in the rich amber haze reveling the raw native fermented and
unfiltered mélange of Sebastopol grown, dry farm Gravenstein Apples.
Notes of fresh bittersweet apple and ripe Asian pear give away to tropical
pineapple and guava banana, along with richer tones of toffee and mild
butterscotch.

Barrel-aged solera.

Terroir Footprints-Sancerre

The **Vacherons** are without question Sancerre's leading winemaking clan. From the family's pioneering work in identifying and exploiting the region's top terroirs to their leading position in biodynamic viticulture today, there are few if any artisans in Sancerre as exacting or as respected.

Great-grandfather Maurice Vacheron tended a few vines back when Sancerre was but a stop on a village road. His son, Jean, was the first of the family to specialize in producing wine, paying particular attention to the influence of terroir on Sauvignon Blanc. Jean's sons, Denis and Jean-Louis, solidified the Vacheron name in Sancerre, showcasing the family's talent with not only Sauvignon Blanc but also Pinot Noir.

Today, Denis' son, **Jean-Laurent**, and Jean-Louis' son, **Jean-Dominique**, have taken the estate to a whole new level of quality, championing biodynamic viticulture and selecting singular vineyard parcels that the family has observed for generations (and planted with their own hands) to bottle as single-vineyard wines, with the goal of showcasing the heights that Sancerre can reach.

Domaine Vacheron

∞ *Guigne-Chèvres* 2022

260.

Soils: Mix clay with Oxfordian Jurassic limestone of marine and Eolian Origin.
150 million Years Old.

Exposure: North-East facing vineyard on a moderate slope. The site is very windy, which causes vines to grow closer to the ground.

Year of Planting: 1983

Tasting Notes: Cooler style, light, beautiful minerality with a finish of fleshy, powerful, elegant and fruit.

∞ *Romains* 2023

190.

Soils: Pure flint (silex soil), rich in fossilized materials; such soils contribute a minerality and smokiness to the wine.

Exposure: Full south facing vineyard.

Year of Planting: 40 plus year old vines.

Tasting Notes: Aromas of crisp pears, lemon zest, wildflowers. Stone fruit and citrus, with finish that echoes the terroir's smoke and sea-salt notes. Complex and very age-worthy.

Terroir Footprints-Sancerre

The Cotat family has tended both Sauvignon Blanc and Pinot Noir on the slopes of the fabled “Monts Damnés” in Chavignol since the end of World War II; it was only in the 1990s when the two Cotat brothers, Paul and Francis, handed over the family domaine to their sons, François and Pascal, respectively.

Today there are two wineries—one in Chavignol, headed by François Cotat, and one in Sancerre, run by **Pascal Cotat**—yet both cousins craft wines from older Sauvignon Blanc vines located in Chavignol’s most-prized vineyards.

Domaine Pascal Cotat

∞ *La Grande Côte, Cuvée Laura* 2019 (demi-sec) 250.

Soils: Located in the village of Amigny. Vineyard soils are called in French Terres Blanches (white dirt) The region is essentially a chalk plateau with thin topsoils.

Exposure: Perched on a steep hillside, facing south. Just 2 acres of land.

Year of Planting: 1970’s. Average age of vines is 30 years.

Tasting Notes: Aromas of stone fruit and light smoke, ripe pears, lemon zest and wildflowers. On the palate bitter lemon, apricot, candied quince and incredible depth.

∞ *La Grande Côte* 2022 200.

Soils: Located in the village of Amigny. Vineyard soils are called in French Terres Blanches (white dirt) The region is essentially a chalk plateau with thin topsoils. (same soil as Chablis)

Exposure: Perched on a steep hillside, facing south. Just 2 acres of land.

Year of Planting: 1940’s. Average age of vines is 60 years.

Tasting Notes: Aromas of yellow stone fruit, citrus, light smoke, wildflowers. On the palate poached pear, candied quince and hints of anise. Rich texture and long finish.

Domaine François Cotat

∞ *Caillottes* 2023 160.

Soils: Vineyard soils are a mix of chalky limestone and clay. Caillottes means little stones.

Exposure: Just east of Mont Damnés in Chavignol on the flatter plains.

Year of Planting: Younger vines planted in 2005

Tasting Notes: Delicate aromas of crisp pear, white pepper, lemon and lime zest. Fresh, dry, pure; yellow fruit in the palate mix with crushed oysters shells.

∞ *Les Monts Damnés* 2023 220.

Soils: Located in the village of Chavignol. Vineyard soils are called in French Terres Blanches (white dirt) The region is essentially a chalk plateau, the same Kimmeridgian limestone found in Chablis.

Exposure: Perched on a steep hillside, facing south. Just 2 acres of land.

Year of Planting: 1940’s. Average age of vines is 30 years.

Tasting Notes: Aromas of yellow stone fruit, citrus, light smoke, wildflowers. On the palate bitter lemon, apricot, candied quince; excellent depth and long finish.

Of all the producers of Madeira, **D'Oliveira** family has the greatest library of old vintages, dating back to the 1850's.

The island of Madeira is located 600 miles southwest of Portugal; It is volcanic, rising steeply from the sea, with vineyards planted on its slopes at elevations up to a half mile above sea level.

In the 18th and 19th centuries, Madeira was the United States' most coveted wine.

Terrantez is one of the rarest grapes, saved from the brink of extinction with bouquets of almonds, mandarin, acacia flowers, walnuts and ginger.
