### Heritage

The Morelli family has been producing gelato since 1907 and is now a 5th generation family business, expanding steadily around the globe.

### Exclusive

At all our locations, our Gelato sundaes are made with our world famous fresh gelato and top quality ingredients imported from Italy. At Zaguan, we present them to you in our unique "soft" gelato range.

### Quality

Gelato – Italian for "ice cream" – is milk based and low in fat compared to regular cream based ice creams. Our gelato is produced with milk, sugar and just a touch of cream – all natural ingredients and no hydrogenated fats!
