And a coming attraction

District Local will be a new Mediterranean-inspired restaurant in Chelsea, serving small plates alongside cocktails. It comes from the team behind District Tap House and District Social and will open at 72 Seventh Ave. on May 22. Dishes include a short rib tagine with root vegetables, and one of the cocktails is a nod to *Game Of Thrones*. Called the “Dracarys,” it’s made with mezcal, dragonfruit, and prosecco.
