* Garden Catering is gluten friendly - our gluten friendly nuggets are made intentionally without gluten. However, in the restaurant these nuggets may come in contact with gluten.

We make every attempt to identify ingredients that may cause allergic reactions for those with food allergies; however, there is always a risk of contamination. There is also a possibility that manufacturers of the products we use could change the formulation at any time, without notice. Customers concerned with food allergies need to be aware of this risk. We will not assume any liability for adverse reactions to food consumed, or items one may come in contact with, while eating at this establishment. Garden Catering cooks all of our fried foods in trans-fat free soy bean oil. Please inform the manager if you have a food allergy.

If you have any questions about allergens and Garden Catering's food products please contact us at info@gardencatering.com
