A Day of Dopeness

15 hrs ago 0

Atlantans recently gathered at Gerber Group's Whiskey Blue in Buckhead for A Day of Dopeness curated by artist DL Warfield. Featuring renowned photographers including Derek Blanks, Rachael Gliebe, Emef Griffin, Renaldo Nehemiah, Rious, Takeo Spikes and Mr. Wattson, the event allowed guests the opportunity to have their portraits taken while posing with Warfield's Dope Box installations. These photos will be compiled and featured at a future Warfield art show. The event included lite bites, specialty Don Julio cocktails and music from DJ Dibiase.
