RAMEN

Our noodles are custom made for us in Sapporo, Japan. As for the chicken paitan stock, it's simmered for six hours, resulting in a clean and pure broth. All of the ramen is Halal (without the wine spray), as well as some of the "chicken & sides" dishes. Our chicken is sourced from Noor Al-Jabal, whose products are certified Halal by the Halal Food Council USA.

The Shio Paitan, Shoyu Paitan, Miso, and Spicy Miso are topped with pulled chicken, greens, scallions, chili threads, sweet corn, and naruto. It's then finished with aromatized wine spray, which can be omitted. The veggie tantanmen is our vegan ramen option, but it does contain peanuts.

Please inform your server of any food allergies or dietary restrictions. Due to our smaller kitchen, there is a higher risk of cross contamination.
