MR. PURPLE

NEW YORK

Rooftop bar and restaurant Mr. Purple captures the vibrant and artistic spirit of Lower East Side New York. It has been carefully designed to recreate an artist's loft ambiance, through the use of reclaimed wood structures, juxtaposed with metal, free hanging lights and contemporary wooden furniture.

It boasts two beautiful outdoor terraces; the eastern terrace is ideal for intimate parties whilst the vast west side terrace has its own swimming pool and bar. The bar menu serves an incredibly delicious menu of iconic culinary staples, featuring locally sourced ingredients.

Mr. Purple is set against the magnificent backdrop of the New York skyline. In the height of summer, sit beneath a pastel pink evening sky, overlooking the blazing lights from the Empire State Building with a bespoke cocktail in hand.
