

TEMPERANCE

Our wine by the glass offerings highlight a wide selection of grape varieties and wine regions that tend to be overlooked, yet are incredibly fun to explore.

We offer wines made in every style of production, including Bubbles, Sherry, Orange wines, Dry Whites and Reds, as well as Off-Dry and Sweet wines. Our list is organized in categories and alphabetically by grape variety. Thank you for joining us.

We look forward to sharing our passion for wine with you!

Test your Skills at Blind Tasting!

Available Tuesday , Wednesday and Sunday

from 4:00 to 7:00PM

\$30

We have selected some wines for you to have fun with and show us your blind tasting skills. Amateurs and experts alike are invited to take the challenge.

These wines have been specially selected by A.J. and our team and are not on our bythe-glass menu... So, no cheating!

If you are up to the challenge, you will have your choice of the following (four 2.5 ounce pours per selection):

- All Whites
- All Reds
- Two Whites/Two Reds

If you can guess all four grapes correctly, the blind tasting flight is free!

BONUS:

Guess the country of origin, on top of the correct grape varieties, and you can select an additional free glass of wine from our list (up to \$15).

Orange *(Extended) Skin-contact Wines*

5 oz glass

Orange wines are essentially made out of white-fleshed grapes left in contact with the skins -which can range in color from white to purple- for days, weeks, or months; This brings about the [orange] color, but also increases the tannins, adding a textural component to the wine.

This ancient winemaking method dates back thousands of years. The resulting wines are dry, robust, textured and can be very aromatically expressive, with notes ranging from peach, apricot, pineapple to yeasty, hazelnut, bruised apple, linseed oil, juniper, sourdough, dried orange rind and cider-y qualities.
