WHITE - ROSÉ WINES BY THE BOTTLE - OLD WORLD

CHARDONNAY

This region is the origin place of Chardonnay, which is by the way, the world's most popular white grape. In Burgundy, the combination of climate, land, and tradition produce a wine that is coveted by many and never precisely replicated anywhere else. Chablis is a region in Northern Burgundy. What makes wines from this region so different is that the Chardonnay wines are aged primarily in tanks or very well-used oak barrels. The lack of new wood reduces the vanilla, toffee, and sweet-“ish” flavors typically associated with Burgundy Chardonnay. Chablis are wines with more flintily and leaner/greener fruit flavors.

ITALY

SPUMANTI | METODO CLASSICO | SPARKLING

The traditional Champagne winemaking method is considered to be the benchmark method for sparkling wines. In Italy, wines made with this method are labeled as "Metodo Classico". Prosecco as "Charmat Metodo", doesn't need introduction. Franciacorta Satèn is a particular type of Franciacorta DOCG wine. Compared to the other types, it is only made from white grapes and it has a lower pressure in the bottle that donate his characteristic silky taste.

ALTERNATIVE ITALIAN WHITES

A journey through the North of Italy, from the mineral notes of the Riesling, to the best expressions of the indigenous Garganega, that's loved for its lean dry style, that gains rich tangerine and toasted almond notes as it ages. The journey finish with great many complex aromatics including Ruby Red grapefruit, rose petal, ginger and a smoky aroma similar to burnt incense of the gracious Gewürztraminer.

TUSCANY | CHIANTI | BRUNELLO DI MONTALCINO | SUPER TUSCAN | BOLGHERI

Brunello di Montalcino is made with a local Tuscan type of Sangiovese referred to as Brunello or Sangiovese Grosso. Noted for having thicker-skinned berries, and because of this, Brunello produces wines with exceptionally bold fruit flavors, high tannin, and high acidity.

Chianti tasting notes include red fruits, dried herbs, balsamic vinegar, smoke, and game. Aging, wines offer notes of preserved sour cherries, dried oregano, balsamic reduction, espresso, and sweet tobacco.

“Super Tuscan” is a term used to describe red wines from Tuscany that may include non-indigenous grapes, particularly Merlot, Cabernet Sauvignon, and Syrah.

Bolgheri is a relatively young yet prestigious Italian appellation located in the Maremma on the Tuscan coast. It is known mainly for deeply colored, supple yet age worthy red wines, usually based on the Bordeaux grape varieties.

NEW WORLD RED WINES

ARGENTINA | CHILE

The majority of Argentina's vineyards are located at the base of the Andes Mountains, in an area with both ample sunshine and snowmelt for irrigation. These conditions result in plump, deep-colored wines of which Malbec is the most important variety. The results are often wines with savory flavors, dusty tannins, and layered black fruit. Chilean Cabernet Sauvignon and Bordeaux blends have a signature tart-and-fruity style. Medium- to full-bodied wines moderate acidity and flavors of black currant, fresh berry sauce, violets, chocolate, and graphite. The tartness comes from cool ocean breezes being pulled inland by the incredibly tall Andes Mountains.

UNITED STATES

MERLOT

Red fruits, easy tannins and a soft finish are the characteristics of Merlot wine. In the US West Coast, because of the warm climate, Merlot wine is more fruit-forward and tannin is less prevalent. Some producers use judicious oak-treatment of up to 24 months to add their Merlot wine more structure.
