RIESLING

Riesling is one of the most complex and versatile wine varieties that exists today. It can be produced in to world class dry wines, nuanced and elegant sweet wines, zesty sparkling wines that can rival the complexity of Champagne, and is used in blending (with other red and white varieties) to balance acid and aromas of a final product. We implore you to appreciate these wines, and riesling in general, with an open mind and palate

CHARDONNAY

It's versatile, exciting, ever-changing, and we love it. If you're one to say you don't like Chardonnay, we'd love to change your mind.

Chablis

Dominated by a landscape of Kimmeridgian limestone and located just south of Paris, Chablis is home to precise, mouth watering Chardonnay. It's arguably our favorite region.

WINES OF COASTAL SPAIN

It's fair to say that there has been a remarkable wine renaissance in Spain over the last decade. A focus on reinvigorating lost vineyards and varieties has taken priority, and it's no more evident than in the eastern and western coastal regions of Spain. This page celebrates a collection of our favorites from salty, high-toned Albariño and textured Treixadura, to spicy Mencia and smooth Brancellao.

NEBBIOLO

Marked by its tannins, high acidity, and red fruit. Dependent upon the vineyard's location in Italy, Nebbiolo ranges from light and bright to dense and muscular.

Langhe

Our selections from Langhe are a fresher style of Nebbiolo. In contrast to Barolo and Barbaresco, we like to drink these wines young.

Barolo

Comprised of eleven villages in the Langhe each displaying its own unique flavor characteristics, Barolo is one of the most diverse micro-climates in the wine world. Our selections range from young to old Nebbiolos, and the weight of the wine strongly depends on the village.

SANGIOVESE

Sangiovese is absolutely delicious and you should drink it. It caught a bad reputation in the 70s with misrepresentations of the grape, but our selections feature top choices. It's time to get back into Sangiovese.

Chianti Classico

Aromatic, pretty, with fine tannins — our selections are honest Sangiovese and will command your attention from the heart of Tuscany.

Sangiovese I.G.T.

In every region there has to be a rebel. Insert Indicazione geografica tipica - these wines don't qualify to be Chianti, for various reasons. But they're all 100% Sangiovese from within the Chianti Classico region and in some cases considered to be the best representations on the planet.

Rosso di Montalcino

The baby brother to Brunello. Often aged less, sometimes from different vineyards, but always 100% Sangiovese grown in or around the hill of Montalcino.

Padelletti 2019	68

Brunello di Montalcino

The big bold wine of Tuscany. Often thought to be this rich, oaky and intense wine, but in reality it's not. Sure, it's got more tannin and intensity than Chianti Classico & might need more food than a piece of salumi, but these wines prove to be some of the more elegant and exceptional examples of Sangiovese.

ENVÍNATE

Undoubtedly one of our favorite projects in wine globally, Envínate was created by four friends in 2005. After graduating from school in Alicante, Spain, these friends started as a consultancy, then soon evolved into Envínate meaning "Wine Yourself". While they're no secret now, these wines are some of the most compelling wines in Spain and are leading the charge in the movement to make pure, honest, terroir specific wines.
