mango & spinach

## Froehlich's Bakery

### "Burn it to the Ground!"

That's what her contractor brother said in 1992 when Colleen Froehlich purchased an old empty building at 26 North Elm Street in Three Oaks. She spent day and night restoring and shaping it to fit her vision. By the following spring, bountiful display cases filled with freshly baked artisan breads, jams and preserves glowed in the sunlight while beautiful housewares lined the shelves. The vintage neon sign that hung in her grandfather's grocery store in St. Joseph was turned on and FROEHLICH'S was open for business.

### Jams, Jellies & Pickles

Every preserve from FROEHLICH'S is all-natural. We have never used artificial ingredients and never will. Our jams and jellies are made from local farmers crops so we get the fruit at the peak of perfection. We make condiments you won't find anywhere else!

### Artisan Breads

All of FROEHLICH'S artisan breads are made from scratch on the premises. We start baking very early every day. The enticing aromas of freshly baked honey sunflower, cracked corn, cinnamon, peasant, potato rosemary and French breads fill the air. Get here early because the breads, bagels, muffins, and scones go fast!

### Cakes for any Occasion

We make cakes for any occasion. Our process for making cakes assures a melt-in-your-mouth experience that will have everyone gathering for seconds. Ask for our cake brochure for more info about our custom designs.

### We Cater!

Whether you're planning a large party or would like a boxed lunch to take along on your afternoon bike ride, FROEHLICH'S can handle it. Choose from a variety of menus or meet with our catering director to invent your own. We'll even provide staff and service wares, if you wish.
