## CITY ROOM

Once the ticket office to the Piers, the fully private City Room can be set for a formal seated dinner, standing cocktail/reception or a combination of both.

The room overlooks the Embarcadero skyline, with large glass windows. The space features full A/V options, in addition to your choice of rounds or long tables for seating -- the perfect compliment to your next cocktail reception or formal seated dinner.

Please see a preview of possible layouts of the City Room [here](#).
