

# SEAMORE'S

Seamore's was founded by Michael Chernow and Jay Wainwright in 2015 down on Mulberry and Broome Street. Newly added to the Seamore's family is Seamore's Up Top, located on the mezzanine level of Urbanspace on Vanderbilt and 45th Street. Up Top offers a casual and fun atmosphere overlooking the boisterous Urbanspace Market below. Seamore's is known for excellent, healthy, and fun seafood. The fish at Seamore's is 100% sustainable, sourced as close to home as possible and most importantly delicious, offered at an accessible price point. The easily approachable menu displays an array of seafood classics like poke, fish tacos, sandwiches, and salad. The point here is to keep it simple, yet delicious.
