Kubota "White" Seppou Junmai Daiginjo	\$200
<i>Kubota "Seppou" White is a limited seasonal release that is brewed and stored during mid-winter in super low temperatures using sokujo method which produces a cleaner, fresh-tasting sake. It is the counterpart to the fall seasonal "Black," and theoretically, blending it together would create Kubota's iconic product "Manju." The result is a refreshing white flower aroma and crystal clean texture. Kata Robata is the only restaurant in Texas fortunate enough to carry this highly allocated sake.</i>
