

## IT ALL STARTS WITH THE CHICKEN (OR IS IT THE EGG?)

At Wildacre Rotisserie, we know the star of the show is our slow-roasted chicken. That's why sourcing the highest quality bird is our top priority. Our chickens come from FreeBird—a purveyor that sources exclusively from family-owned Amish poultry farms in Pennsylvania. Their birds are GAP-2 certified: they are given plenty of room to roam, a fortified, all-vegetarian diet, and a stress-free living environment. The result is a tastier, more wholesome chicken that you can feel good about feeding to your family.
