Bringing Parisian flair to Southampton, the Moulin Rouge–inspired brasserie [La Goulue Sur Mer](#) has arrived as the latest epicurean hotspot for locals and visitors alike. Featuring a curated menu of classics such as steak frites, salade d'endives au roquefort, confit de canard, and loup de mer Mediterranean served either indoors or on the breezy outdoor patio, a late-night drink menu will also be available Friday and Saturday in the lounge, where a curated list of French and international wines as well as craft cocktails and aperitifs serve as the perfect nightcap.
