O'Toole's is pleased to offer a variety of gluten sensitive options on both our food and beverage menu. We are not a gluten-free restaurant and cannot ensure that cross contamination will never occur. We have processes in place to minimize that happening but there is a great deal of gluten in the air and on our work surfaces. Our fryers contain particles of flour and our braised chicken is prepared in a beer marinade. If you are Celiac and/or highly sensitive please advise the person taking your order and know that we will do our best but cannot guarantee your order will not touch gluten somewhere in the process.
