Have a Spook-tacular Halloween at These Chicagoland Restaurants and Bars

Headquarters Beercade

"The Nightmare Before Halloween: A Tim Burton Experience"

The interactive adventure will take guests through a portal to a magical and sinister world from **October 17th - November 3**. In addition to photo backdrop moments from Beetlejuice (tiptoe through the graveyards and sandworms), Edward Scissorhands (spooky castle with trimmed shrubs) and Sweeney Todd (beware of the barber chair), guests can sip spooky cocktails, take part in Tim Burton themed trivia as well as costume contents.

If patrons can pry them from bartenders skeleton hands, they can bite into three flavors of boozy candied apples - Pumpkin Spiced Rum Apple with milk chocolate and pumpkin spiced walnuts, Sour Mash Whiskey with caramel and pretzels, and Vanilla Vodka with white chocolate and pretzels. Additional Tim Burton inspired beverages include three flavors of adult Capri Sun pouches, like Ox Blood with Stolen X, Cappelleti, Pomegranate, lemon and rooibos tea.
