

Since 1995, we've been **keeping it local** with **creative, healthy food** and **socially conscious** coffees. **Seven days a week** we are serving up creative comfort food using fresh, **honest ingredients** from around the southeast. We **roast our own coffee** in small batches, **bake** our breads and pastries in house and make our **soups from scratch** every day. We're also proud to **serve the best** of what we don't make in house like Ghirardelli chocolate, Duke's mayo and locally grown teas from the Charleston Tea Plantation. New Moon is an **innovative culinary family** fueled by **community** and a passion for bringing people together over **great food** and the **perfect cup of coffee**. **Thanks for being here!**
