OUR PHILOSOPHY

At NIKOS, every gathering begins with *philoxenia*, the Greek tradition of welcoming every guest like family. Named after family patriarch Nikos Bakatsias, our restaurant celebrates generations of hospitality through heartfelt service, vibrant flavors, and meals made to be shared. Proudly recognized in the **Michelin Guide 2025**, NIKOS blends elevated Greek cuisine with warm, authentic hospitality, offering a setting for every occasion. From everyday dinners to life's biggest celebrations, we believe every seat at the table should feel like home.

The spirit of *philoxenia* extends far beyond NIKOS. As part of **Giorgios Hospitality Group**, our restaurant reflects founder Giorgios Bakatsias' passion for creating destinations where exceptional food and genuine hospitality come together. Across more than 20 distinctive restaurant concepts, each unique experience pulls inspiration from every corner of the globe, crafted with thoughtfully-sourced ingredients, and united by one simple philosophy: every guest should feel welcomed, cared for, and eager to return.
