

## WELCOME TO GRINDSTONE PUBLIC HOUSE

our restaurant takes pride in its location, the historic castor building. the castor building was constructed in 1895 by william h. castor, a local farmer and entrepreneur.

the clark supply house was the building's first tenant in the 1890s. the supply house began as a supplier of stoves, ranges, and plumbing supplies. over time it sold windmills, pipe, fire brick and incandescent lamps.

the castor building had more tenants of historic note, including the cherokee lodge of the independent order of red men. this fraternal order, founded in 1904, met convened on the third floor of the building. the order traced its beginnings back to dec. 16, 1773 via the sons of liberty, the group that organized the boston tea party.

grindstone public house honors the legacy of the building and history of downtown noblesville. enjoy!
