Halloween 2018 NYC Party Guide

Living in New York City, you often have a busy week and going out can become mundane. While Halloween is arguable one of the city's most popular nights choosing the wrong party to go to can be the easiest thing to happen. We're here to make sure that doesn't happen with celebs like G-Eazy, others at NY's hottest venues including the new Playboy Club New York, Mr. Purple and more, there is a freakish festivity for everyone.

Below, we've rounded up our picks for NYC Halloween parties worth seeking out:

Ghost Ship at The Roof

Calling all scallywags and seadogs. The Roof is hosting a spooky pirate themed Halloween party where all guests get a crow's nest worthy view of eerie Central Park at night. Join as they venture to Davey Jones Locker, where cocktails flow and a DJ dares to join all night. Dress up in your best pirate-themed costumes or prepare to walk the plank.
