

A CELEBRATION OF BOSTON IN BLOOM

Established in 1837, the Boston Public Garden is America's first public botanical garden—a living tapestry of seasonal flowers, graceful willow trees, and meandering paths. From its iconic Swan Boats to the ever-changing floral beds, the Garden has long offered a place of quiet beauty in the heart of the city.

Inspired by this cherished landscape, our afternoon tea menu reflects the colors, fragrances, and refined elegance found among the garden. Crafted with locally sourced and seasonal ingredients, each item has been thoughtfully prepared by our team of chefs to mimic the delicate charm of a stroll through the Garden in full bloom.
