Wine has flowed throughout Lebanon's history from ancient times to present day.

In this beautiful land of antiquity, beverage, food, and people are one and the same. Our beverage program reflects this, representing the best of both Lebanese traditions and those beyond the Levant, while paying special homage to underrepresented people and places which also produce beautiful drinks born from nature.

The complexities of Lebanese cuisine, teamed with the culture's singular hospitality, offer exponential possibilities for pairing and sharing.

We look forward to sharing them with you.

Lebanese Wine – A Brief Introduction

OVERVIEW

Lebanon, along with Georgia, Armenia, and other countries of the Levant and western Asia, is one of the most historical and long-lived of winemaking regions. Evidence of vine-growing and wine-making in the area dates back as far as 7,000 BCE!

The Phoenician empire, the major commerce-oriented power of the area at the time, plied trade up and down the Mediterranean - their wines were highly regarded and they were responsible for spreading viticulture throughout the Mediterranean between 2,700 and 300 BCE. The biblical story of the Wedding at Cana, and Jesus turning water into wine, was set in what we'd now call Southern Lebanon.

Due to Lebanon's colonial ties with France, and preceding presence of French Jesuits in the region, a lot of modern winemaking techniques, grape varieties and traditions were also imported over the 19th and 20th centuries, integrating seamlessly with the historical practices and indigenous sub-species of grapes in the area. Many of the wineries have close ties to top tier producers from across both Bordeaux and the Rhône Valley in particular.

KEY REGIONS

BEKAA VALLEY (INCLUDING BAALBEK)

The most renowned of all the appellations within Lebanon, this is home to 90% of the wine production, and is populated by many of the most highly regarded, largest and oldest producers, from ChâteauMusar to ChâteauKefraya, through ChâteauKsara and Domaine des Tourelles.

THE NORTH (INCLUDING BATROUN)

Home most notably to Ixsir (deriving its name from the Arabic root of the modern word "Elixir"), the otherwise intensely hot and sunny coastal area enjoys significant cooling influences from both its proximity to the ocean, as well as its mind-boggling altitudes, as is often the case in Lebanon's winemaking areas.

MOUNT LEBANON

Massaya, Adyar and Domaine de Baal are all located in this Westerly area, in close proximity to the capital Beirut, and enjoys similar advantages to Batroun - very high elevations, plentiful slopes, and cooling ocean breezes.

THE SOUTH (INCLUDING JEZZINE)

Many smaller producers operate here, though as a result of their size the ability to source these wines in the American market can be a challenge. We remain committed to better representing this region as we gain access to these wines.
