Lebanese Arak

This smooth, refreshing spirit, noted for its profile of licorice with a hint of pepper-mint, cleanses the taste buds and refreshes the palate for each new dish. Arak makers also tout its holistic properties, claiming the aniseed aids in digestion and relaxation.

Tradition states that Arak is not sipped straight but mixed in a ratio approximately 1/3 arak to 2/3 water, and requires that water is added before ice. Be playful and mix it yourself or allow our us to mix it for you.

The first glass is for medicinal purposes, the second glass makes you happy, and with the third, you eat the wind.
