BentoBox got us up and running with online ordering in 3 days. **I really appreciate the quick turnaround and support.** With the addition of to-go cocktails sold through our website, our revenue has gone up 50%.

I think **we did over \$1400 tonight/day just through BentoBox**, so not bad for a little tiny hole in the wall restaurant. We are starting to see a light at the end of the tunnel and hope things get better soon and everyone stays healthy.

Mark Mizer, Co-Owner, [Buddha Bruddah](#), WA

BentoBox is the best thing ever. **I have never used anything that is so friendly and accommodating.** The time to get up-and-running — it was two days. Amazing.

Gerenda Washburn, Owner, [The Garlic Press](#), TX

BentoBox has the best online ordering system out there. **It has the most intuitive frontend and backend.** The developments you've made - you guys have really listened to customers.

Patrick O'Cain, Owner, [Gan Shan West](#), NC

As a restaurant manager who has reached out to support systems in all aspects of our operation, it is rare to find a partner who acts as though they **actually care about your results and understands your needs.** Your team rocks.

Jane Fryer, General Manager, [In The Valley](#), PA

I looked at other online ordering systems offering 6 months free during COVID-19, but I chose BentoBox because I know the platform and **your team is responsive and works with me quickly** — It was worth the \$39/month to me.
