Don’t just takeout — take action.

Thank you for your order! We love serving you but we need help to keep our doors open.

We don’t want to take away from what is (hopefully!) a great meal, but we need your help. The outlook for restaurants like ours is very grim: 85% of independent restaurants are at risk of closing forever without help from Congress. Every week, more news comes out about a beloved restaurant permanently closing its doors. Takeout can only take us so far.

There’s a long road ahead before we can fully reopen and stay open, and we need your help to get there. Join thousands around the country in asking Congress to support the RESTAURANTS Act, a bipartisan bill that will help us survive this. Independent restaurants are uniquely affected by this pandemic — our businesses were the first to close, and will be among the last to safely return to normal operations. Restaurants like ours employ 11 million Americans, and 90% of the money we make goes right back into the communities we love to serve.
