

Covid-19 Guidelines

Stage Restaurant and Amuse Wine Bar

As a team, we are doing everything we can in maintaining high standards of cleanliness and closely following City & County Guidelines. Our guests' and team's safety is and will continue to be our priority. We will get through this time together.

Please find a breakdown of our guidelines below:

Restaurant Layout

- All of our tables have been spaced out to ensure every group is at least 6ft apart
- Wine Modules are currently taken out of use – no self dispensing – we dispense for you
- We've taken out most bar seating to ensure that only employees wearing masks are near glassware and drink making stations
- We have moved our host stand to the front as we're requiring reservations for both Stage and Amuse to ensure we can follow all of our guidelines safely
- We are working at 50% restaurant capacity

Sanitizing

- Hand Sanitizers are set up all around the restaurant for our guests and team to use
- We carry extra masks, gloves and sanitizers should anyone need
- We follow an hourly sanitizing schedule for all high contact surfaces – this includes bathrooms, elevators, door handles, payment devices and phones
- We never reuse pens and check holders without sanitizing them fully
- All tables and chairs are sanitized in between groups – we use a 2 step cleaning process, first to remove any food or drink residue and then with a CDC approved Sanitizer
- Our menus are single use apart from our full wine & spirit list, which we offer online or on our ipads, which get sanitized after each use

Guest Guidelines

- We ask for all of our guests to wear facemasks at all times away from the table, masks may be kept off while enjoying your meal
- Reservations are required to make sure we can safely follow all outlined guidelines
- We will be temperature checking all of our guests
- We will be collecting full name, address and contact number of reservations and keeping that information on file for 28 days

Staff Guidelines

- All staff must submit their temperatures daily, prior to entering the building

- We must all wear facemasks for the entire duration of the shift and whenever handling glassware, silverware or food items
- Our team has been thoroughly trained on all guidelines and continue to receive weekly trainings to ensure we're adapting and abiding by released guidelines
- We keep a safe distance from all guests
- We are operating with a smaller team that is fully committed to the industry and ensuring everyone's safety

Should you have any questions please contact alice@hdc-hawaii.com or give us a call on (808)237-5429. We hold a copy of all of our guidelines on premises at all times.
