LOS ANGELES

Craft Los Angeles offers several distinct options for private events – each with its own ambiance but all featuring Craft’s impeccable food and warm hospitality.

The maximum capacity for the entire restaurant is 400 guests.

Tom Colicchio's menu celebrates the best seasonal ingredients - prepared simply and with finesse. Sourced from artisan ranchers, day boat fisherman and greenmarket farmers.

Our style mimics the experience of dining in someone's home. Dishes are served to the center of the table for your guests to help themselves.

Dessert courses are a mix and match list of pastries, fresh fruit sorbets and rich ice creams. Customized options & upgrades available upon request.

The Main Dining Room

Inspired by the original design of Craft New York, Craft LA features hand-crafted walnut tables, a steel and glass wine cabinet and our signature glowing filament bulbs.

Our open floorplan can seat up to 150 guests for a sit-down event and can accommodate up to 250 guests for a reception with cocktails & hors d'oeuvres.

Private Dining Room

In Craft's Private Dining Room the possibilities are endless!

Featuring floor-to-ceiling windows and its own private patio, guests are treated to an impressive metropolitan skyline view & are surrounded by a four-acre park.

The Private Dining Room can seat up to 48 guests and can accommodate up to 80 guests for a reception.

A photograph of a restaurant interior. In the foreground, a wooden bar holds several cocktails: a red drink with a garnish, a yellow drink with a lemon slice, and a tall glass with an orange drink and fruit. In the background, a wooden table is set with a tray of food, including bread, cheese, and vegetables. The room has large windows and a warm, ambient light.

Combine our front patio & our bar area to
create a beautiful indoor/outdoor
cocktail reception for up to 100 guests.

Cabañas

Chic and contemporary, our cabañas are set on the front patio to provide a private atmosphere & al fresco dining. It's the perfect place to celebrate with friends, sit back and relax after work or before an evening on the town.

Each cabaña can seat up to 10, with mingling room surrounding. For large events the front patio can accommodate up to 60 people.

A photograph of the Craft Los Angeles building entrance. In the foreground, a stone pillar features a yellow sign with the word "craft" in lowercase letters. The entrance is a modern glass and concrete structure with a covered walkway. In the background, two tall, modern skyscrapers with glass facades rise against a clear blue sky. Landscaping with various plants and a concrete planter is visible in the foreground.
