CANTINA

## **Modern Mexican - Inspired, Sophisticated, Authentic**

**Our mission will always be to serve classic Mexican dishes prepared with the sophistication of a fine dining restaurant in a casual and approachable manner.**

**Tocolo Cantina serves refined, modern Mexican food in a friendly, high-service, and casual atmosphere. The restaurant space was designed to merge the modern elements of a California eatery with those of a Mexican cantina to create a warm and inviting feel. It is fit with encaustic tile, copper walls, and a lively bar. We aim to provide the best Modern Mexican dining experience on Long Island.**

# Tocolo

CANTINA

We can accommodate a large array of party sizes and occasions. With a private dining room that can comfortably seat 45 or 60 standing, it offers an intimate setting for any occasion. The room has an 80" television that can be used for slide shows, home movies or just catching the big game.

We also have other areas that offer great flexibility. With our heated pergola, we can comfortably host parties that utilize both indoor and outdoor spaces. For smaller gatherings, our lounge area by the bar offers space for you and your guests separated, but close to the action.
