Spirits and Mixed Drinks

The inspiration for our restaurant's drinking culture comes from the ceremonial act of enjoying aperitivi and then digestivi on either side of the meal. We believe in the benefits of this Italian ritual and encourage you to enhance your dining experience by taking part.

VINTAGE & TABLESIDE EXPERIENCES

Vintage Amari

Long before modern medicine, people discovered the healing qualities of herbalism. Ancient Romans began infusing distillates with different combinations of herbs, roots, vegetables and fruits to achieve specific restorative properties. As time continued, families and monasteries closely guarded their recipes and began selling their tonics and elixirs in pharmacies. In Italy these elixirs came to be known as “amaro,” which translates to “bitter.” Only recently has the production of amari been brought into the modern world. It wasn’t so long ago that each bottling was a unique expression of the person that made it.
