Tucker Duke is Chef Brian Cartenuto's dog. Tucker is a Great Dane Lab mix. Tucker Duke's creates some of the best burgers, sandwiches and blue plates around. We cook everything to order. It's good food, NOT FAST FOOD.

Reception Catering

Red carpeted galas, wedding receptions, corporate events, holiday parties, or any event you can dream up, Tucker Duke's Catering strives to exceed your expectations and deliver an unparalleled experience. With over 20 years of experience in the hospitality business, we have learned that it is possible to tailor an event based on an individual client's needs rather than the industry method of plugging everything into cookie cutter ceremonies.

For formal events, such as wedding receptions, galas and holiday parties, we can provide a more comprehensive menu for your guests to enjoy. This full-service catering menu offers a variety of hors d'oeuvres, appetizer platters, meat selections, pasta and more. Our Founder Chef Brian will work with each group to customize your menu to suit your needs.

Meals are served buffet-style by our staff at the rate of \$100/server. Chafing dishes, serve ware and serving utensils are included with pricing.

The Secret

The secret is... there is no secret. Everything you need to know about our food is printed somewhere within our menu. If you ask us silly questions we will be forced to give you silly answers in return.

Our Ingredients

We strive to use as much local, seasonal, sustainable food sources as possible, when available. We make our own ketchup in house. Tucker Sauce is our spin on Mississippi's version of remoulade or Comeback dressing and is great, hence why we make and use it. And speaking of "regular", we do not serve "regular" or "ordinary" or "standard" burgers. If we did, we'd be the other guy and that's way too easy and boring.

Warning... undercooked or raw meat

All of our hamburgers are cooked to the required minimum temperatures. Upon request, we will cook to your specifications. However, consuming raw or undercooked food may increase your risk of foodborne illness.

Warning... we are not a nut free facility. Please let your server know if you have a nut allergy. We will do everything in our power to keep you from having to use an epi pen.

Whining... NONE will be tolerated!
