## **warning**

Lighten up! Tucker Duke's Lunchbox is not politically correct. If you are easily offended, there's a good chance you'll be offended here. Consider yourself warned, AND REMEMBER IT'S ALL IN FUN. We believe that tact is for people who are not witty enough for sarcasm.

## **need to know**

Tucker Duke is Chef Brian Cartenuto's dog. Tucker is a Great Dane & Lab mix. Tucker Duke's Lunchbox creates some of the best burgers, sandwiches and blue plates around. We cook everything to order.

***Great Food, Not Fast Food.***

## **seating & strollers**

During peak hours, we reserve the right to hold off on seating your party until everyone is present. We seat to maximize our capacity and therefore will seat parties of two to two tops and parties of 4 or more to appropriate tables. We do not allow strollers to be parked inside of the restaurant. It's simply due to limited space, and a safety issue keeping aisles clear for our guests and servers.

## **the secret**

The secret is... there is no secret. Everything you need to know about our food is printed somewhere within our menu. If you ask us silly questions we will be forced to give you silly answers in return.

## **our ingredients**

We strive to use as much local, seasonal, sustainable food sources as possible, when available. We make our own ketchup in house, that is free of high fructose corn syrup, and made with great natural ingredients, like all of our food! Tucker Sauce is our spin on Mississippi's version of remoulade and is great, hence why we make and use it. And speaking of "regular," we do not serve "regular" or "ordinary" or "standard" burgers. If we did we'd be the other guy, and that's way too easy and boring. We use a special 75/25 blend of beef for our burgers, butchered locally, and is hormone & antibiotics free!

## **cell phones**

Cell phones are **not** banned at Tucker Duke's. Since Tucker Duke's Lunchbox employees aren't on the other end of the call we won't be talking to anyone using a cell phone at the door, tables, or at the counters.

## **tip...**

Please help us maintain a quality staff. Tip them. Tipping is how our servers earn their living. So if you think tipping is a scam then stay home with a TV dinner and watch wrestling. If our servers are not up to snuff please let us know, we will take care of it.

## **call-in | takeout orders | delivery**

At Tucker Duke's Lunchbox, our "dine-in" guests are always our first priority so we may suspend phone-in or take-out orders during peak business periods from time to time. If you order food to-go, you cannot eat it in, that's why it's called "take-out."

## **separate checks**

If you would like a separate check, please notify your server when placing your order, otherwise you're just going to screw up the system.

## **warning... undercooked or raw meat**

All our hamburgers are cooked to the required minimum temperatures. Upon request, we will cook to your specifications. However, consuming raw or undercooked hamburgers may increase your risk of foodborne illness.

## **warning... we are not a nut free or gluten-free facility**

Please let your server know if you have a nut or gluten sensitivity or allergy. We will do everything in our power to keep you from having to use an epi pen.
