

FRITA BROOKLYN

FOOD & DRINK PAIRING GUIDE

Like the toppings for our Fritas, Eve created our drinks to serve as the perfect complement to our food. Our drinks, both with and without alcohol, reflect Eve's distinctive style as a Chef, bursting with flavor, but always harmonious and balanced. Our offerings highlight an array of lush, seasonal cocktails made with fresh squeezed juices and house-made infusions, along with the highest quality spirits.

We would love to share some of our very favorite food and drink pairings, but everyone has their personal favorites and if you would let us know what favorite combinations you discover, we would love to hear about them! Our drink offerings were created with as much thought and care as our food and we really hope you enjoy them - especially together!
